

# NEODYMIUM DAYLIGHT SPOT LAMPS

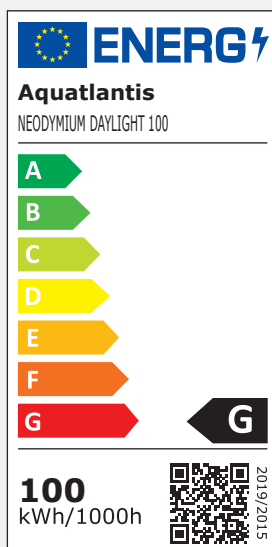

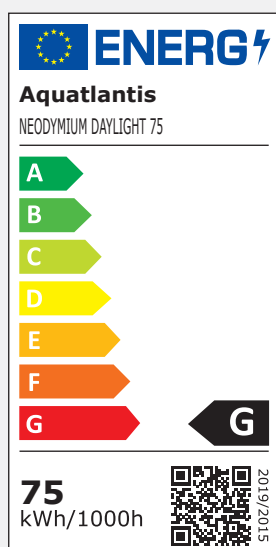

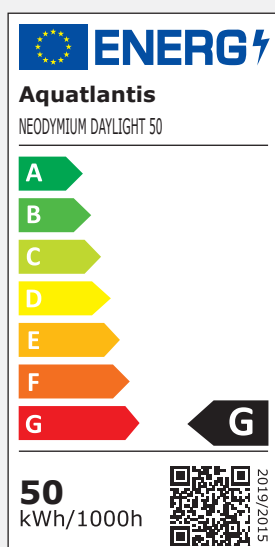

50W **13695** 75W **13696** 100W **13697** 150W **13698**

**E27 220-240V 50/60Hz**

Neodymium content ensures a more natural portrayal of the plants and animals in the terrarium. Creates warm relaxing areas for reptiles. Emits infrared light, supports thermoregulation and promotes well-being. UVA radiation activate natural animal behaviour and stimulate appetite. Raises the room temperature of the terrarium.

Note: protect from water splashes.

Distance from Bulb

| Wattage | 4"(10CM) | 6"(15CM) | 8"(20CM) | 12"(30CM) | 18"(45CM) | 24"(60CM) |
|---------|----------|----------|----------|-----------|-----------|-----------|
| 50W     | 37°C     | 32°C     | 30°C     | 29°C      | 28°C      | 26°C      |
| 75W     | 43°C     | 36°C     | 33°C     | 31°C      | 30°C      | 28°C      |
| 100W    | >50°C    | >50°C    | >50°C    | 42°C      | 37°C      | 33°C      |
| 150W    | >50°C    | >50°C    | >50°C    | 48°C      | 41°C      | 38°C      |

Test environment temperature: 20-21°C
